#	RESPONSES	DATE
1	the relatively peace of the area and the fact that there seem to be trustworthy people around.	11/7/2022 11:15 AM
2	1) Keeping our small town atmosphere where neighbor helps neighbor. 2) Any new protections or new ideas should not change our current rights of using our individual property that we pay taxes on. 3) State representatives should not be allowed on our property without our permission.	10/26/2022 12:53 AM
3	Living in a friendly, open society.	10/15/2022 9:47 AM
4	Quiet, caring, community.	10/8/2022 12:52 AM
5	Off the "beaten path". Not a typical tourist (vacation) destination. "low key" atmosphere.	10/8/2022 12:43 AM
6	Community and creating development for young people to live. Preserving nature is also important to me.	10/8/2022 12:32 AM
7	Quiet, peaceful, safe, friendly - not developed, rural. People are kind and there is a sense of community. It still feels like a "small town".	10/8/2022 12:25 AM
8	The people. The beauty.	10/8/2022 12:04 AM
9	Beautiful scenery, supportive neighbors, a real community.	10/7/2022 11:55 PM
10	Natural resources - forest, fields, ponds, lakes, rivers Sense of community - rural, small, non-industrial Wildlife - marine and land	10/7/2022 11:36 PM
11	Rural countryside, low population, friendly community atmosphere.	10/7/2022 11:24 PM
12	Maintain Penobscot as a "working class" community as opposed to a retirement community. Keep younger families in our town.	10/7/2022 11:14 PM
13	A peaceful and safe environment in which to live. The impact of nature, i.e., the beauty of the bald eagle flying overhead and nesting. The rural life of living along the coast of Maine. Safe water and air.	10/7/2022 10:56 PM
14	I hope the Town stays the same - size of lots. Hope the air B+B's are reduced or have permits from the town to reduce numbers.	10/7/2022 10:36 PM
15	Quiet, cleanliness, beauty . Respect for other residents.	10/7/2022 10:20 PM
16	Quite community with friendly people. A sense of community working together to meet the residents needs as seen at town meetings with no politics as usual in other places	10/7/2022 10:11 PM
17	Quiet rural character	10/7/2022 12:23 AM
18	The peacefulness and rural qualities of the town.	10/7/2022 12:07 AM
19	Quiet, quaint village community.	10/6/2022 11:54 PM
20	Rural character, this very precious river, no industry or chain stores / businesses.	10/6/2022 11:42 PM
21	Rural setting, clean air and water. Small town feel.	10/6/2022 11:30 PM
22	A lot of people have moved in and want to change the way of life we all enjoy. First thing they do is post their land and Keep Out.	10/6/2022 11:15 PM
23	Friendly people, rural setting, small population, lack of dense development, reasonable access to service areas.	10/6/2022 10:56 PM
24	Close knit community. Access to salt and fresh water.	10/6/2022 10:37 PM

Town of Penobscot Comprehensive Plan Survey

25	Love my freedom. I feel like the community is supportive and its like a family to a degree. People are respectful of each other. It is a safe place for my kids. It is rich in its history and I am proud to part of it.	10/6/2022 10:11 PM
26	small town America at its best. Not over built, without a city mentality. Friendly with people helping each other.	10/6/2022 9:57 PM
27	small town America at its best. Not over built, without a city mentality. Friendly with people helping each other.	10/6/2022 9:56 PM
28	Rural, close-knit, open space. I like the slow pace of life and that our low level of services and rural environment requires that neighbors rely on one another and work together.	9/30/2022 7:49 PM
29	Rural quality. Conservation Efforts.	9/30/2022 5:54 PM
30	Rural, quiet, Access to fresh and salt water and recreational trails.	9/29/2022 4:29 AM
31	Maintaining quality of life, preserving the landscape and protecting the environment	9/26/2022 12:10 PM
32	Quiet	9/25/2022 5:13 PM
33	Neighbors being welcoming and kind to neighbors, access to our amazing natural environment	9/25/2022 12:29 PM
34	Quiet, nature, undeveloped areas.	9/22/2022 10:45 PM
35	Do not change the we live it's been a nice little town we do not need to be big if move in want to change us go home.	9/13/2022 1:16 PM
36	Peaceful,small town.	9/12/2022 8:45 AM

40	affordability	9/9/2022 10:55 PM
41	Friendly people and small farms	9/9/2022 7:26 PM
42	Woods, water, rural life knowing neighbors, absent traffic	9/6/2022 9:16 AM
43	Small town with great community involvement	9/5/2022 10:30 AM
44	The friendliness of our neighbors	9/2/2022 3:28 PM
45	A small country town where neighbors help neighbors. I question the necessity of growth. There should be some other way to remain financially stable. Growth is not necessarily progress.	9/1/2022 9:41 PM
46	clean water, lots of trees, quiet country neighborhood	9/1/2022 5:53 PM
47	The still rural setting and the expansive properties still cared for and lived on for many years.	8/31/2022 7:36 PM
48	+ Trees, clean water, quiet	8/31/2022 2:02 PM
49	Our property is very secluded and very beautiful. It is a great place to be.	8/31/2022 1:48 PM
50	Nature	8/31/2022 11:46 AM
51	Peacefulness, Marine community, Abundance of seafood, woodlands	8/31/2022 11:33 AM
52	Its rural character. Its largely volunteer government. The authority of the Town Meeting system.	8/30/2022 10:16 PM
53	Neighborly people, abundant nature, informality	8/30/2022 10:11 PM
54	Rural, small town, good neighbors	8/30/2022 8:23 PM
55	The peace and quiet of the town	8/30/2022 9:22 AM
56	That it is a small rural community	8/29/2022 7:27 AM
57	Living in nature. Drinking clean water. Privacy.	8/27/2022 5:06 PM

Town of Penobscot Comprehensive Plan Survey

58	We chose the area because it was rural, quiet and easy to live in an alternative or self-reliant way both in terms of town government and community acceptance. We live without running water and have several friends in Penobscot who live the same way.	8/25/2022 9:20 PM
59	It's rural folksy nature and affordability of housing and low taxes	8/25/2022 11:56 AM
60	Controlling School budget, taxes, and wasteful unnecessary expenditures.	8/23/2022 9:37 PM
61	Rural, good school, lots of open space available to the public, nice ponds and bay with limited development	8/23/2022 6:47 PM
62	Face-to-face courtesy between neighbors, opportunities to see each other at town events, abundant wildlife, places to walk.	8/23/2022 5:49 PM
63	The quiet, simple way of life. The village where neighbors help each other.	8/23/2022 3:44 PM
64	Nature, quiet, cleanliness	8/23/2022 2:10 PM
65	Small town feel and neighborly willingness to help each other	8/23/2022 12:13 PM
66	I like the people	8/23/2022 11:14 AM
67	Small town atmosphere and local involvement. Friendly and casual.	8/20/2022 9:08 PM
68	quiet, uncrowded, not commercialized	8/19/2022 9:33 AM
69	Waterfront access, the fishways, information held at historical society is important and preserved in a way that is accessible to all.	8/18/2022 9:36 PM
70	Rural, small-town atmosphere and a still-functioning community. Historic buildings (and potential historic districts) and landscapes which define both the village settings and the transition to fields and forests. Access to the natural environment and shore line & launch points. Natural beauty of the North Bay of the Bagaduce - and the Town cemetery which overlooks the same (and should be both expanded for future capacity - and maintained a bit better than it is now). The lake shore access to Toddy Pond is also extremely important - and a place where the Town of Penobscot can be instrumental in managing change along the lake shore that is environmentally sound (unlike Orland which doesn't see it that way - yet). A valued and well-maintained & respected local environment = a sound and growing tax base (among other things) and provides youth and adults alike the ability to have pride in their community.	8/18/2022 5:13 PM
71	Decent folks, good school, affordability	8/18/2022 2:10 PM
72	Lower taxes Internet Service	8/17/2022 8:33 AM
73	Natural beauty, wish there was more public access to water/swimming.	8/16/2022 10:52 PM
74	Cleanliness of water and general environment	8/16/2022 6:49 PM
75	Rural. People are respectful of others' lives, but are there to help you whenever you need it. Virtually no crime.	8/16/2022 3:52 PM
76	I love the agricultural, rural feeling of the town.	8/16/2022 7:34 AM
77	Well-preserved historic character, relatively undeveloped, timeless villages with little commercialization or gentrification, nice neighbors sharing an appreciation of Penobscot's natural and cultural history and other common values.	8/15/2022 10:09 PM
78	The woods, waters, wildlife, and wildness of the area along with the people who live in this wonderful environment and have demonstrated a willingness to preserve it.	8/15/2022 4:43 PM
79	Stable, healthy natural environment; quiet and civil communal life; public services that meet the needs of the community.	8/14/2022 3:03 PM
80	Quiet, rural atmosphere	8/14/2022 9:46 AM
81	rural atmosphere, friendly people, lots of natural space and active small-scale agriculture	8/13/2022 12:48 PM
82	Maintenance of small town feel and community of locals	8/12/2022 12:35 PM
83	Building a sense of community, some sort of community center where people can gather. Recycling, Wifi, Education,	8/11/2022 6:38 AM

Town of Penobscot Comprehensive Plan Survey

84	Relatively quiet, rural natural beauty, undeveloped, small town feeling close to larger service areas without the noise and disturbance of larger towns.	8/10/2022 1:50 PM
85	The small town scope and feel of the community. I enjoy the lack of pollution, the trees/forests, the town meetings, and local events put on by: Penobscot Day, Penobscot Historical Society, and Fire Department.	8/10/2022 11:50 AM
86	Simplicity, the quiet and solitude. I enjoy the lack of outside development.	8/7/2022 10:34 AM
87	Privacy	8/7/2022 9:53 AM
88	peaceful and the quality of trust around the neighborhood	8/5/2022 6:51 AM
89	Rural community & natural landscape	8/4/2022 11:52 AM
90	small town feel, need better honest and transparent town govermet though	8/4/2022 10:13 AM
91	protecting the environment, ensuring that there are adequate housing and employment opportunities for young families, maintaining the quality of education offered children at the Penobscot Community School	8/3/2022 12:37 PM
92	Friendly people, beautiful setting on the Bagaduce, small town where community members care about their neighbors (and know who they are).	8/2/2022 8:44 PM
93	Rural atmosphere, no large commercial development	8/2/2022 9:02 AM
94	Sense of Community. Small-town feel. Not commercialized or urbanized. More land than people.	8/1/2022 9:30 PM
95	rural / agrarian aspect coupled with small, supportive and connected community	8/1/2022 3:22 PM
96	Smaller population, community-minded atmosphere	7/31/2022 12:58 PM
97	Keeping our natural resources pristine and available for recreation	7/31/2022 11:35 AM
98	Rural; protected land; preservation of wild life and marine resources; zoning to preserve a country feel; emerging infrastructure like broadband internet; town meeting form of government and school committee.	7/31/2022 11:05 AM
99	The beauty of the natural surroundings and neighbors making an effort to help each other	7/30/2022 9:58 PM

104	Beauty, quiet, caring people	7/25/2022 3:04 PM
105	pristine environment; nice folks; Northern Bay	7/25/2022 12:35 PM
106	Small town feel and friendliness.	7/25/2022 6:54 AM
107	small town, location on river, friendly community, full services nearby, great views of Bagaduce	7/23/2022 12:22 PM
108	Farms with forest, open landscape, scattered settlement	7/22/2022 11:23 AM
109	small-town life, natural resources (Northern bay, preserves, Wight's pond, woods and waterways)	7/21/2022 2:18 PM
110	Neighbor helping neighbor	7/21/2022 11:54 AM
111	Quiet, rural community. Public access to salt water. Open spaces and wildlife corridors maintained, increased.	7/19/2022 5:37 PM
112	Location. Location. Location. Nice people, mostly. Not too crowded, although that seems to be changing.	7/19/2022 4:58 PM

1	I was very pleased to see the back ridge road was finally retarred as the holes there were there were terrible for the cars... On our road though I do notice though that there are times when some vehicles come tearing down the road and there are animals and people walking a lot of the time with their dogs and also people ride their horses along the road, we do have a street sign with speed at 25 but it does not seem to deter people. Also I would like to know if its possible for the snow trucks to get out early in the am when winter arrives as most of us on dogtown road do have to get out to get to the main road to go to work. where the town line stops on back ridge road its very obvious as the other town line is cleared early. I also believe we need a mirror on the post at the middle of the top end of Dogtown road as that corner is horrendous to see traffic coming from both ends, if theres a mirror we can at least see the traffic coming around that blind corner.	11/7/2022 11:15 AM
2	1) With many new people moving to our town "from away", they should respect our way of life and not expect all the "things" they left behind. We need to hold firm to our "way of life". 2) The affordability of having our own elementary school may be a future issue. 3) Our road thru town Rt 175 is now is now being used as a major route to 199 (North Penobscot Road) and then to Rt 15 in N. Penobscot instead of traffic following Rt 15 into Blue Hill and towards Bucksport. The problem is that our 30 MPH signs mean nothing to 90% of these people ! Personal vehicles as well as construction vehicles drive 45 -55 MPH past our store and within the 30 MPH zone. Needs to be controlled.	10/26/2022 12:53 AM
3	Resolving the nursing home site and buildings. Dealing with derelict properties Climate change impacts on weather and sea level	10/15/2022 9:47 AM
4	I worry about large housing developments because of land availability. The road system is poor for the amount of traffic.	10/8/2022 12:52 AM
5	Several aspects of climate change, including sea level rise, population increase, drought (water table levels). Construction plans for Nursing Home property.	10/8/2022 12:43 AM
6	Expansion and development. Taking care of older folks. Making affordable housing.	10/8/2022 12:32 AM
7	Growth and expansion - maintaining the feel of the town, too many houses being built and higher volume of traffic and noise. Nowhere to walk safely - no shoulder, sidewalks, trails. Speeding. Please try to help reduce speeding cars through town. It would be great if there were a place to gather in town - a coffee shop? Somewhere to socialize, eat that's close. In. Town. There are a lot of people that would like to walk for exercise but there's really nowhere to, safely. Can we mow shoulders? Or designate some land to create trails? Some kind of urban plan to guide growth , eg. all house lots have to be a certain size, etc. to help mitigate density and maintain space and trees. Location of dump and recycling - it seems the current location could pose a problem to the water that feeds the pond and brook - with all the efforts to restore alewives, we have metals and lead from glass leaching into the soil at the top of the hill - it will run off in to the water below - bad for the fish and bagles (sic). Concerned about monopolizing of plumbing, heating, and septic services by...	10/8/2022 12:25 AM
8	Speeding, especially near the school. The speeding cars are a factor, not only for safety, but the trucks waft dirt, sand into and on our cars and into our home. Perhaps some rumble strips on the 30 MPH roads in and out.	10/8/2022 12:04 AM
9	Poor quality of roads, speeding, harbor development, community police. Downtown (town hall	10/7/2022 11:55 PM

Town of Penobscot Comprehensive Plan Survey

area) requires attention - sidewalks (safety). Would install rumble strips on roadway approaching center of town. Safety of students, walkers (as town center population increases).

10	Apprehensive about development - how to create jobs without industrial encroachment. Sea rise and other climate change repercussions. Need for more young people/ young families.	10/7/2022 11:36 PM
11	Low income housing Need more boat space in the harbors Wider roads for walkers and bikes Dredge area into Winslow Stream	10/7/2022 11:24 PM
12	Overpriced cost of homes and land for the local population. Properties being bought by out of area folks who sometimes do not appreciate our way of life and want to form Penobscot like where they moved here from.	10/7/2022 11:14 PM
13	10 years: Influx of people, cost of maintaining an elementary school will be too high. The road traffic and noise of both trucks, cars, and motorcycles on route 175 through the village is intolerable !! Something must be done with the awful speeding of road traffic on route 175. Engine break is awful. 30 miles an hour is too fast = everyone ignores it and speeds. Property taxes to send kids to GSA is too high. 10 years to 20 years: an increase in property taxes, something must be done with abandoned property, i.e., nursing home, overgrown weeds and grass at homes, continued "run down" of people's properties, poor roads, increase in road traffic, increase tuition to GSA. GSA and the elementary school provide a burden on the wealthy retired. Reevaluate the waste = schools = and apply to improvements.	10/7/2022 10:56 PM
14	Growth of population - property over used. More care for the elderly. Care so they can stay at home as long as possible. Everyone large and small has a lot to think about and be aware of the changes happening too fast. Stay small and close knit.	10/7/2022 10:36 PM
15	Population increase is coming.	10/7/2022 10:20 PM
16	Managing growth and development in a planned way as people discover how great Penobscot is. Another issue: many seniors on fixed incomes struggle with the financial pressures of inflation. Also: No longer have a viable local nursing home. Also: Appropriate business and job growth is needed to attract younger people and families to live here. Also: Our community school is great with good support from residents.	10/7/2022 10:11 PM
17	Over development	10/7/2022 12:23 AM
18	I am concerned that our land will be purchased and developed in a way that would make Penobscot just one more upscale coastal community. I like the diversity of people that are the fabric of our town. People come from "all walks of life" and we all blend into a diverse, unique group.	10/7/2022 12:07 AM
19	Biggest concern is loss of character. The Nursing Home must not become an unsightly and out of character for the village. Please protect the small town charming feel. Please consider gaining control of the Nursing Home corner for city parking, weekend farmers market, park, etc.	10/6/2022 11:54 PM
20	Influx of people. Sea level rise. Development concerns. Rising property taxes.	10/6/2022 11:42 PM
21	If the town population increases I worry about a water shortage like many large and populated cities in our country. 1) Climate change, flooding, wildfires, drought with wells running dry. I think development should be planned with care as not to affect wildlife. 2) Speeding traffic in Route 175 through town. In the 30 MPH speed limit some cars go 50MPH and it is not safe for people to walk or bike. Rising school cost forcing older people to sell because they can't afford their taxes.	10/6/2022 11:30 PM
22	Hope the natives don't get pushed out. Looks like its already happened.	10/6/2022 11:15 PM
23	Climate change. Rising sea levels. Heavy traffic on Route 15 and the Castine Road.	10/6/2022 10:37 PM
24	Don't see any trouble on the horizon. From 1920 - 2020 how much has really changed.	10/6/2022 10:11 PM
25	Development pressure with more rules and regulations. Losing the friendly small town atmosphere. No sidewalks ! No curbs ! No street lights ! No traffic lights !	10/6/2022 9:57 PM
26	Development pressure with more rules and regulations. Losing the friendly small town atmosphere. No sidewalks ! No curbs ! No street lights ! No traffic lights !	10/6/2022 9:56 PM
27	Next decade - low school enrollment, low population of young people and young families; loss	9/30/2022 7:49 PM

of farmland and forests to development; shoreline erosion. Erosion of community ties with loss of older generations. Next 20 years - Same as above, but development, habitat fragmentation, shoreline erosion, and stormwater control are likely to become more pressing issues due to sea level rise and climate change migration to coastal Maine communities.

28	Climate Change. Recycling/Waste/Hazardous Waste. Speeding and traffic.	9/30/2022 5:54 PM
29	Municipal waste both solid waste and water treatment. Need to recycle more, encourage sustainable energy. Continue to explore ways to keep the school viable.	9/29/2022 4:29 AM
30	population growth, affordable housing, internet access	9/26/2022 12:10 PM
31	new fire truck. more people wanting land and driving up land prices and in so doing the tax. We should protect the long term year round residences and tax the vacation property	9/25/2022 5:13 PM
32	Climate change, climate change, climate change! I hope that Penobscot will continue to be welcoming to those of us who are LGBTQ+. Currently, I feel supported. But I am concerned that may not always be the case.	9/25/2022 12:29 PM
33	Population growth, more development, climate change	9/22/2022 10:45 PM
34	More out of state people want to move here and make it like where they came from.	9/13/2022 1:16 PM
35	Keep taxes low	9/12/2022 8:45 AM
36	Energy, utilities	9/11/2022 7:57 PM
37	School budgets,, Property taxes increases alot due to new development. Our town is of median age most are living day to say especially retired, n elderly.	9/10/2022 1:44 PM
38	access to wight pond	9/9/2022 10:55 PM
39	Loss of young people and school enrollment dwindling	9/9/2022 7:26 PM
40	Possibly: water level rise in Northern Bay, drought, more invasive insects coming further north (like the wooly adelgid killing all the "pointed firs"	9/6/2022 9:16 AM
41	Internet connectivity; high tech stuff; aging population; schools	9/5/2022 10:30 AM
42	Real estate has been flipped so many times that natives will not be able to afford homes and the character and values will have drastically changed	9/2/2022 3:28 PM
43	I think growth is the biggest issue. If we think that we can only survive with growth, then someday we will be a city. I think taking care of the environment is more important.	9/1/2022 9:41 PM
44	Issue: Too many changes Keep Penobscot a safe place.	9/1/2022 5:53 PM
45	During covid many people bought properties in this area, they came to get away, not to be here. I think the town will face the continuing of people moving to get away from the city environments they live in to towns such as ours. Many in the past have moved here but they came because they wanted to, not because of other reasons. Sometimes city dwellers are used to their style of living and wish to bring it with them to the still beautiful rural areas. This will be something to keep alert to and stay the town and values Penobscot has always been.	8/31/2022 7:36 PM

concerns, there is a report compiled a few years ago by the Penobscot Forum on School Sustainment, detailing projected outcomes for various scenarios for the intertwined futures of the school and town. There may be some information in this report which would be helpful to this Committee in its planning. Additionally, I personally think there is a need for a way for Penobscot residents to connect informally and socially - a community center of some sort. The school serves this purpose for families of students, and Penobscot Day is great, but something longer-lasting and inclusive would be wonderful, though it would involve a lot of work. Several residents expressed hope that the former nursing home would be developed as some sort of community center, though without a specific idea or funding for such.

52	Climate change, development pressures, higher taxes. I think the influx of new people will add pressure for more services that could change the nature of the town. Many of the following answers should be qualified. For instance, I might be willing to pay higher taxes to improve the fire station but not to build sidewalks.	8/30/2022 8:23 PM
53	Population growth. Seeing more people coming to Maine to get away from the problems in higher density areas. Infrastructure upgrade	8/30/2022 9:22 AM
54	Keeping up with technology for internet access for people working from home. Roads School - building will need to be updated	8/29/2022 7:27 AM

56	In the next decade we expect there will be increasing permanent and seasonal residents (we've seen three bordering lots purchased and being developed this year). We had expected and hoped this area would develop much more slowly. It's unclear whether it's a response to COVID or whether development in Maine is simply just going to have to move further up the coast over the years. My hope is that the town can continue to maintain its rural character and that things don't get too sub-divided. The challenge will be how to regulate development while not limiting the freedom that people who have chosen this area expect.	8/25/2022 9:20 PM
57	The lack of a young work force will impact all community organizations. Our community would benefit from having more young year round residents.	8/25/2022 11:56 AM

60	Our road seems to be getting noisier and noisier - a far cry from the quiet of a very few years ago. I miss the quiet. Waterfront changes as the ocean rises may be significant. I hope faster internet will make it easier for small business in town.	8/23/2022 5:49 PM

68	Issues Town will confront during next 20 years: (These remarks are made within the context of current ordinances (or lack thereof) in Penobscot (and surrounding towns) - assuming nothing will change significantly in the interim: 1. The consequences of all aspects of climate change 2. Permanent shortage of affordable housing 3. Shortage local jobs - better jobs at greater commuting distances 4. Higher energy and transportation costs (until solar and other renewables tip the scales toward sustainability - maybe) 5. Consequent loss of open space and natural habitat through poorly designed land use patterns and energy-inefficient	8/18/2022 5:13 PM

subdivisions. Continued loss of farmland - unless existing property owners learn how to conserve land for the future without necessarily selling the property (by employing conservation easements & other incentives more vigorously) 4. Invasive Sub Division and Development by both local profiteers and out-of-state money. (With no local guidance (Comp. Plan; Village Plans; and absence of supporting economic incentives and other guidelines and ordinances to direct density where it belongs - supporting the existing village centers and cultural activity (or those areas with the same potential) 5. Gradual decline of the villages - loss of the atmosphere that they currently provide. Disappearance of the churches, as moral decay intensifies and human networks are weakened and fade 6. Care and housing and support services for the elderly. By 2038 we will have more elderly in the population than people less than 18 years of age. 7d. Significant change in the character of the population, as climate changes drive city-dwellers south and west of here to Maine. The Comp. Plan needs to welcome these folks - not shun them - and encourage them to INVEST LOCALLY, while learn of the joys of small-town living in a rural environment 8. School System - Regionalism is likely to prevail eventually - particularly if area support for GSA continues to weaken - causing further erosion of schoolchildren identifying with their home town - and the eventual consequences of dis-association 9. Penobscot would be wise to study its geology and mineral resources (if any are significant) as exploitive corporate interests will likely not consider their impact on quality of life and the environment in which they practice (as Blue Hill - unprepared as it is - is soon to find out) 9. Finally - Penobscot's economy - may or may not develop (partly dependent upon Item 8. above). To me this is the biggest unknown for the Town: Will it be seasonal; tourism-based - or continue to produce traditional products like livestock, hay, firewood, fish, boats; services? Or quarry products; rare minerals; spring water for export; recreational opportunities, or small home, internet-based businesses? Or just more homes? The Select Board, the Planning Board and the residents must understand that they have an opportunity before them - to utilize the power and strength of community - to manage change for public benefit while leaving a desirable legacy for future generations. Politics should be ruled out in these deliberations - as leaders and individual taxpayers coalesce around the idea of doing what's right - not just expedient for special interests.

72	Adverse effects of Climate change. Air bnb's putting a strain on our landfill and the costs of waste disposal. Jobs. Increased traffic and speeders.	8/16/2022 3:52 PM
73	I am concerned about the town losing it's sense of community. Aside from Northern Bay Market (and the town hall) there aren't really any community gathering spaces. I think if the old folks home was smartly re-developed, it could make a great park/ community gathering space. Also, I'd like to see the town focus much more on recycling - I understand this has to be done in a way that will reduce costs for the town, or increase revenue.	8/16/2022 7:34 AM
74	Predicted sea level rise calls for rerouting and/or raising several sections of road in low coastal areas and transitioning municipal buildings and homes to higher elevations. As residential and energy development pressure increases inland, we need to preserve Penobscot's valuable farmland for agricultural uses and open spaces for tree growth and traditional recreational uses.	8/15/2022 10:09 PM
75	The continuous degradation of the road system and the quick fix approach toward remediation. Done right in the first place would be a better approach and give a longer lasting result.	8/15/2022 4:43 PM
76	Climate change will be a serious challenge; meeting the needs of aging residents who wish to remain at home in Penobscot and continue to participate in the community; robust internet connectivity for all residents; access to clean water; preservation of the natural environment and ecosystems.	8/14/2022 3:03 PM
77	Aging population with no infusion or attraction for younger generation. Good chance that population will gradually decrease thereby lowering tax revenue.	8/14/2022 9:46 AM
78	Much better broadband/internet options. Certainly there will be more development pressures that we'll want to look at very carefully including proposals to put in wind and solar facilities. Protecting the quality of Penobscot's air, surface water and groundwater a very high priority. Controlling invasive plant and animal species on land and in the waters important. Need to	8/13/2022 12:48 PM

Conflict between desire to manage change responsibly and desire for no change at all or even a retreat to antiquated customs and habits that are no longer viable.	8/10/2022 1:50 PM
82	Housing for young families and an aging population. I would like to see more affordable housing for them but without the use of large housing projects. Scattered rentals would fit in better. I want the CPC to always support locals in their quest for self-employment, especially if it involves fisheries. I don't support banning a group that fishes or farms oysters, for example, in the Bagaduce because property owners don't like their view being disturbed. I am a straphanger and wish to always support a family or business which has been here for generations. Newcomers should not try to make us another Massachusetts town.	8/10/2022 11:50 AM

91	There seems to be many older residents and municipal service workers that will eventually age out and retire. While it would be good to have others follow in their footsteps, there's always a fear that a younger generation will make upsetting changes to the way things are done now. There's also concern that the abandoned nursing home on the corner of N. Penobscot Rd (199) and Bayview Rd will be turned into some type of strip mall or condominium/apartment house which could increase crime and traffic in the area.	8/1/2022 9:30 PM
92	Aging community coupled with lack of work opportunities close to home (meaning younger generation leaves Penobscot). Aging infrastructure, and slow development (i.e. - high speed broadband). Possible environmental changes impacting water and forest resources in the community.	8/1/2022 3:22 PM
93	Greater senior-age population, no commercial tax base, decreasing school enrollment, further deterioration of roads, continued loss of services (limited town office and post office hours, lack of emergency services staff), out of date technical infrastructure (phone, electric, internet)	7/31/2022 12:58 PM

limited providers and worse stability than you would find in regions of higher priority to the providers. Ultimately, internet is going to be essential to flourish in the next decade and beyond, not just for our current residents and their ability to accomplish basic tasks efficiently but also for our desirability as a community for the next generation. The source and cost of energy is also a major concern. CMP has a monopoly in my area and passed costs on to customers during our severe winter weather during which time the cost of propane increased drastically. Living here this past winter was almost untenable. Meanwhile, they tout themselves as a clean energy company, trying to sell Maine voters on a plan to sell existing Canadian energy in Massachusetts at the expense of Maine's wildlife. You would think that an honest clean energy company and its customers would be more insulated from the costs of propane, but that was not the case, and at this point, nothing about their pricing or lobbying suggests they will have our best interests in mind. The common thread between our internet and our energy is that private companies are not prioritizing us. I think we can improve matters by investing in internet upgrades, energy efficiency, and steps toward clean energy independence in our town.

Specifically, I am very concerned about how the deteriorating and out of business Bayview and the deteriorating and out of business nursing home impact the crown jewel of Penobscot, Northern Bay. We send a very poor message to the rest of the world when we allow two derelict buildings to diminish our enjoyment of the bay and the quality of the otherwise pristine bay front.	7/25/2022 12:35 PM
103	Need to manage potential growth to the benefit of the community.	7/25/2022 6:54 AM
104	My guess is that there will be more "outsiders" (like our family) who will learn about the peninsula, "find" Penobscot and settle, either seasonally or full time. Part of this is related to the internet and Zoom making it pretty easy to work from home. Also, I worry about larger tracts of land being divided up into smaller parcels, leading to a larger population.	7/23/2022 12:22 PM

117	Already breathing down the neck of towns like Penobscot, and part of a nation-wide trend, is the specter of investment funds buying up properties for resale or rental. Effective and legal ways need be found/researched to resist the temptation of dollars to subvert the character of residential home and land ownership to ensure affordability for actual full-time residents and their heirs.	7/14/2022 9:51 AM
118	Climate change/Bay water rising, affordable housing, dearth of professional services	7/14/2022 9:44 AM
119	Too much traffic, widening the roads will make it worse (encourage even more). We should route big trucks around town instead of allowing them to pass through the village.	7/12/2022 7:08 PM
120	I suspect that as neighboring towns fill up, more development pressure will persist here. If the town has no plan for growth, no priorities in place, anything can happen anywhere. This is not desirable, as the predation of a town evolves.	7/12/2022 1:51 PM

12	A place to view the eagles during the alewife season.	8/15/2022 4:43 PM
13	I favor protecting all these, but I'm also in favor of responsible development to bring more young families to Penobscot, also more businesses.	8/3/2022 12:37 PM
14	Development of land already cleared and "brown space" like the old nursing home property and other defunct businesses is desirable. Want to protect land without unduly restricting residential development or business growth. It is a delicate balance -- some development will be required to keep and attract young residents to the area.	8/2/2022 8:44 PM
15	There needs to be a balance between development and conservation.	8/1/2022 3:22 PM
16	I think appropriate development can accommodate appropriate conservation practices. Housing, for instance, could be "bundled" as a way to preserve surrounding open space.	7/31/2022 11:05 AM
17	Presumably, scenic views are not necessarily going to be destroyed by distasteful development. Scenic views are too vague a concept to require protection, and they open up the risk that property owners will abuse the designation to squash development. I think development can also coexist successfully in a multi-use scheme with recreational waterfront access and working waterfronts. I don't know exactly what "recreational open space inland" is, but I'm reading hunting and off-road vehicles, which I don't consider endangered.	7/30/2022 9:58 PM
18	Dark skies. The ability to look at the stars is being reduced by light pollution	7/26/2022 1:59 PM
19	Resident growth must happen somewhere and it may need to be in some of these areas. The question is the amount of impact that must take place needs to minimized for each project.	7/22/2022 11:23 AM
20	It's a no brainer, right? If we don't protect those resources we, as a town, will have nothing left.	7/19/2022 4:58 PM

1	Wood harvesting limits / monitoring to preserve forest in face of heating costs.	10/8/2022 12:25 AM
2	Unrestricted development - utilize Planning Board jurisdiction. We need growth of employment opportunities in Penobscot. Need work opportunities for younger adults with families as well as affordable housing opportunities. Need to keep and attract young adults.	10/7/2022 11:14 PM

6	Comment on restaurants and retail shopping - I would prefer that establishments over a certain size or capacity only be allowed in designated areas, while small shops possibly be unrestricted. For seasonal rentals I favor these being unrestricted in terms of location but there needs to be some other kind of regulation around these to keep housing affordable.	9/30/2022 7:49 PM

10	Electric vehicle charging station worth considering	8/31/2022 11:33 AM
11	Land use regulations should provide the necessary protections so that any of these activities do not adversely affect the environment and/or adjacent properties and neighborhoods. Saying some development could take place in a certain area doesn't mean it should be.	8/30/2022 8:23 PM
12	These are best guesses Would prefer most development to be around village centers	8/19/2022 9:33 AM
13	Public trails such as the nature trail behind PCES and on Togus.	8/15/2022 4:43 PM
14	Zone to preserve forests, protect wooded areas and water.	8/11/2022 6:38 AM
15	would prefer to keep the area as peaceful and not congested with out of state people.	8/5/2022 6:51 AM
16	In favor of continued restrictions on shoreland development/tree cutting etc. Care should be taken that any new restrictions allow for grandfathering of existing businesses and are not so stringent that they deter folks from moving to or starting businesses in the area.	8/2/2022 8:44 PM
17	Inns and B&Bs should be allowed anywhere but Hotels should be allowed only in designated area.	8/1/2022 9:30 PM
18	Answered no to commercial renewable energy development on the assumption that the company would likely put themselves before the town and customers. If somehow that is not	7/30/2022 9:58 PM

the case, then I might reconsider.

19	<p>Having left some of the above categories unchecked, while others that have been checked are so designated with trepidation, I will slice among them with a knife of caveat, because "it depends." Taking "Light Industry" for example, can it be anywhere, or allowed at all? Well, doesn't that totally depend on what it is, how noisy it is, or bright at night, and its attending traffic? One criteria of consideration that opens a lot of these questionable activities, whether campgrounds, or duplexes, boat yards, or garages, or whatever to viability - or not, is their appearance. Do they FIT INTO THE CHARACTER OF A NEW ENGLAND TOWN like Penobscot? I am not at all anti-business, or even anti-growth. Penobscot is a lovely, open setting that could easily accommodate more people, and more activity for fun and profit. So... Please indulge me for a moment... I once lived in Sandy, a town in Oregon, that being on the road to Mt Hood and the beautiful national forest there, decided it didn't want to look like everywhere else, so with the approval of the residents and in consultation with an architectural firm, it established a "look" they termed "Sandy Style." Henceforth, all new businesses in the town would be required to emulate the "mountain look" that hearkened to the famous timber-frame lodge up there that was constructed in the 1930s, and dedicated by President FDR. Likewise, all previous businesses, such as MacDonald's, the Dollar Store, etc., were required to retro-face their business facades to fit in with the style. To facilitate this with a minimum of pushback, the town provided these businesses with grants to pay for the work. The result is a lovely "Mountain Town" that invited tourists, skiers, and campers in route to the mountain to stop, lodge, dine, shop, and so forth, in Sandy. It was so very worth the effort! Do you see where this is going? Just insisting that we do not want Penobscot to "look like everywhere else" would go a long, long way to brushing aside the objections to many occupational and residential options that might otherwise fit very nicely into our town. Facades and grounds visible from the roadway, at least, would have to appear as if they've always been here. A good example is the Northern Light Primary Care center in Castine.</p>	7/14/2022 9:51 AM
20	<p>beware of the town's housing being taken over by airbnb or wall streeters. Airbnb should be only in people's own used land or duplex that they inhabit at least 9 months yearly.</p>	7/12/2022 1:51 PM

42	I think a clearer, simpler and well-defined permit process would be valuable instead of an informal meeting approach. I don't think the process should be any stricter, but it should be clear what's de-facto allowed and the review before a planning board should be reserved for things that need special consideration or may impact neighbors. I think permits should only be required over 100 square feet and things like decks and simple outdoor structures like wood-sheds or garden-sheds should be explicitly allowed without permits. Currently most older residents we've met aren't even aware that technically such small outbuildings are supposed to apply for a permit. Explicitly codifying what is already a cultural norm of reasonable freedom seems appropriate to me.	8/25/2022 9:20 PM

63	Have less of a know-it-all attitude from the Selectmen.	8/10/2022 1:50 PM
64	More transparency. Other then the annual town meeting, one is limited to a Tuesday night for information. I wish more information was circulated to residents, such as plans for the money the town has received and will receive from federal and state grants. Right now control of Penobscot is in the hands of a few. I know they are conscientious respectable people but the current system does not allow public sharing of future plans and ideas.	8/10/2022 11:50 AM
65	Understand that you are in a public service position, not a "career." Stop calling citizens "customers." We are not your customers, you work for us.	8/7/2022 9:53 AM
66	stay more up to date on keeping the roads taken care of. i understand money is an issue with the expense of road repair but its totally necessary for the residents to be able to drive without having to worry about driving into huge holes and pits in the road.	8/5/2022 6:51 AM
67	be honest	8/4/2022 10:13 AM
68	Complete a strategic plan that will meet state approval and allow us to apply for government grants.	8/3/2022 12:37 PM

16	Bike paths or lanes are listed most highly in my response. I realize separate or dedicated bike lanes along all our roads would be prohibitive, however, would at least a smooth shoulder along some roads, and an improved shoulder by others be out of the question? A lot of drivers around here regularly flirt with death, their own, or the hapless critters who blunder into their way, in their breakneck haste to get there yesterday. I'd actually be out on my bike a lot, instead of having to drive it to Castine to use, if there was at least one shoulder to ride on when I hear these people roaring up from behind.	7/14/2022 9:51 AM

5	We don't have any mussels any more. we have lots of ticks. I cant remember last time i was bothered by a mosquito or a black fly. I know they are still here but they seem to be a-lot less. Not many frogs this year either	9/25/2022 5:13 PM
6	Low lake levels	9/12/2022 8:45 AM
7	Tides vary do to earth gravity n moon phases. Alot of these questions are silly. Weather varies year to year. There have been storms for hundreds of years. Prob no worse than back then, we just have more amenities now	9/10/2022 1:44 PM
8	Due to Covid, we have not spent all that much time the in the last 3 years	8/31/2022 11:33 AM
9	Increase of water in basement, underground water creating sinkholes, more shingle damage due to higher and more frequent winds as well as fallen trees..	8/16/2022 3:52 PM
10	more accidental or illegal introductions of non-native fish, plants, etc.	8/13/2022 12:48 PM
11	Live on fresh water pond.. Fewer herons, loons, whiporwills	8/11/2022 6:38 AM
12	The question asks the extent to which I've observed or experienced these things. I've not noticed many, but that doesn't mean they're not happening in Penobscot. And with climate change I imagine I'll be seeing many more of these in the not-too-distant future.	8/3/2022 12:37 PM
